WARNING:

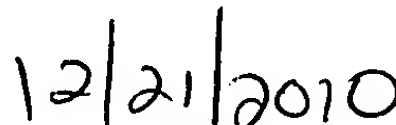

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

**Declaration in Support of Petition to Accept Unavoidably Delayed Payment of
Maintenance Fee in an Expired Patent**

1. I, the undersigned, am the Assignee of the entire right, title and interest of US Patent Serial No. 5,897,560 (the '560 Patent) as demonstrated on the attached statement under 37 CFR § 3.73(b).
2. To ensure the '560 Patent remained in force throughout its term I appointed registered patent attorney Mr. W.D Swayze, Jr. Reg. No. 34478 (Attorney Swayze) on or about 6/14/2006 as the attorney of record and as the official correspondence address for the '560 Patent.
3. I have always intended for the '560 Patent to remain valid through payment of any USPTO maintenance fees deemed necessary.

4. I was not notified by Attorney Swayze that a maintenance fee was due between 04/27/2006 and 10/28/2006.

5. I was not notified by Attorney Swayze of the expiration of the '560 Patent.

6. I was not directly notified by the USPTO of the expiration of the '560 Patent.

7. On December 16, 2010 I assembled and provided a listing of issued U.S. Patents, of which I am the Assignee, to registered patent attorney, Mr. Raymond Wagenknecht, Reg. No. 50948 (Attorney Wagenknecht) by electronic mail (email). The '560 Patent was provided in this listing.

8. At the time of providing the above listing to Attorney Wagenknecht, I believed the '560 Patent to be in force.

9. Upon Attorney Wagenknecht's suggestion by return email, I requested the status of each patent provided in the listing to be verified with USPTO records.

10. I was notified and first learned of the expiration of the '560 Patent due to nonpayment of a maintenance fee on December 16, 2010 by Attorney Wagenknecht's report.

11. Within 24 hours of being notified of the expiration of the '560 Patent I requested Attorney Wagenknecht act as attorney of record for the '560 Patent and prepare a petition to accept an unavoidably delayed payment of maintenance fee for the '560 Patent.

12. I believe I acted reasonably to ensure all maintenance fees would be paid timely by designating a registered patent attorney to serve as my agent for notification of any such due dates, and I believe I have acted promptly after receiving my first actual notice of the expiration of the '560 Patent to ensure payment of all fees necessary and to pursue the accompanying petition.

13. I declare under penalty of perjury that the foregoing is true and correct, that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the '560 Patent or any patent issuing thereon.

Respectfully submitted,
